Introduction to Node.js servers
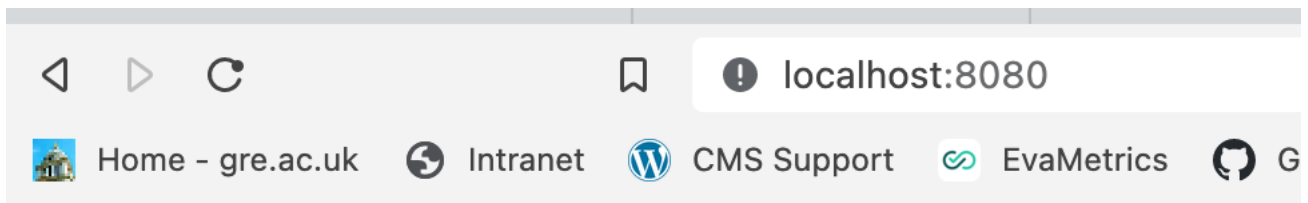

This is number 5 out of 6 weekly tasks

This is part of your assessment. It is worth up to 5%, append it to your report.

Below are the **6 screen shots you need to provide** for this week

Screen shot 1 evidence that your file server.js is running on port 8000
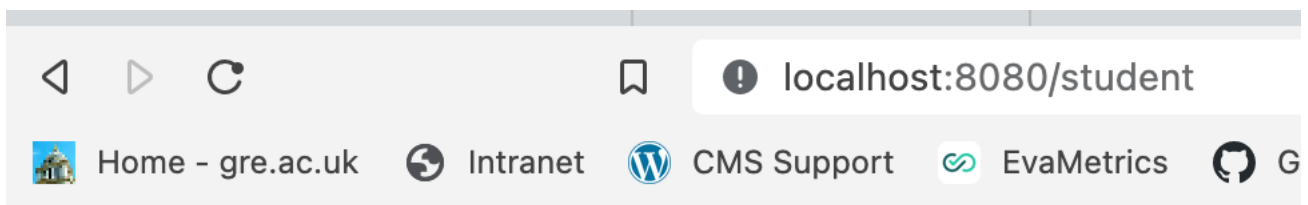

```
C:\Users\pm76\fakeg\npmtest>node server.js
Node.js web server at port 8000 is running..
```
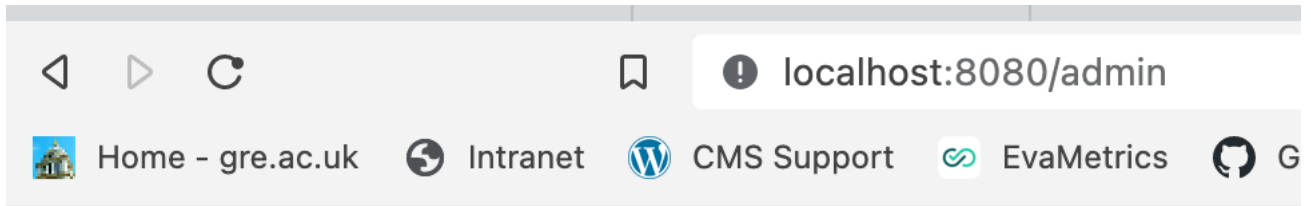

Screen shot 2

This is home Page.

Screen shot 3

This is student Page.

Screen shot 4

This is admin Page.

Screen shot 5

{"message":"Hello World JSON"}

Screen shot 6

Invalid Request!

In addition to these 6 small screen shots provide a 200-300 word explanation of what you have understood about Node.js servers.
